

Improved "S" in C23 Metallic Silver on French Chateau inspired home in Maui, HI

This durable interlocking "S" tile has a built-in wind-lock system and can withstand winds up to 200 MPH. Improved "S" has been used in areas subject to occasional high-wind conditions, such as Guam and the Caribbean.

Various glazed colors are available and will not wear out or fade. This beautiful tile is suitable for both Asian influenced architecture as well as western, contemporary designs.

Improved "S" is made in the Japan and is ASTM C1167 Grade 1, the highest quality clay product available.

Competitively priced, this product is also backed by a 50-year limited warranty.
